

Faculty of Medicine - University of Rijeka

Fc protein expression of type I and type II proteins

1st CAPRI2010 Advanced Laboratory Workshop

May 2 – 8, 2011

Center for Proteomics

**Faculty of Medicine, University of Rijeka
B. Branchetta 20, Rijeka, Croatia**

Organizers:

Stipan Jonjic, Marina Babic Cac & Tihana Lenac Rovis
Faculty of Medicine, University of Rijeka, Croatia

Workshop faculty:

Noah Stanietsky, Rachel Yamin, Yotam Bar-On, Yoav Bauman, Ofer Mandelboim
Hebrew University of Jerusalem, Israel

Martin Messerle
Hannover Medical School, Germany

Antonella Viola
Istituto Clinico Humanitas, Rozzano, Italy

The Workshop will be organised in frame of the project "The Center for Antibody Production Rijeka: Upgrading the Central Research and Service Infrastructure for the South Eastern Region of Europe" (acronym: CAPRI2010), funded by the European Commission and its 7th Framework Programme (specific programme: Capacities – Research Potential).

The Workshop is aimed to provide intensive theoretical and practical overview of Fc-fused protein expression technique. The following topics will be included: cloning, eukaryotic cell transfection, protein expression, ELISA and flow cytometry analysis. The workshop will also include seminars on Natural Killer cell biology.

The Workshop language is English. The course is aimed at Ph.D. level students. Up to 12 applicants will attend, most of which will be affiliated to the Faculty of Medicine in Rijeka. We can offer the opportunity to attend the workshop to up to 4 students outside the University of Rijeka. Accommodation and meals will be provided for all students. There is no registration fee. All candidates must cover their own travel expenses. **Applications with detailed CVs are to be sent to: info@capri.com.hr.** Deadline for applications is **April 2nd, 2011.**
